This should be reflected in the case log.

Also note, that these hours must be actual clinical hands on time and any time relating directly to patient management (e.g. writing notes/letters, phone discussions), and not administrative time or total hours that you spend at your workplace.

A letter must accompany this application to verify the clinical hours stated are correct. This can be written by your Supervisor, Head of Department or Employer. In the case of an isolated practitioner the provision of a case log as required for the NZAHT Supervision Contract will assist the supervisor in verifying the hours to be correct.
